

Community Care Clinic of Dare

A Brief Overview

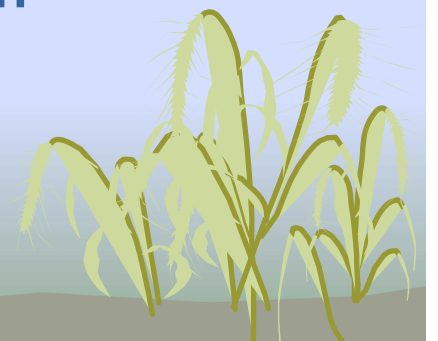

Our Partners

- Albemarle Hospital Foundation
- Outer Banks Hospital
- Outer Banks Health Department

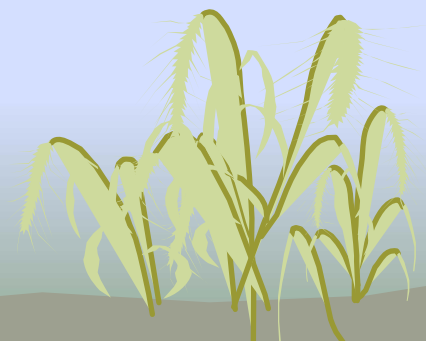

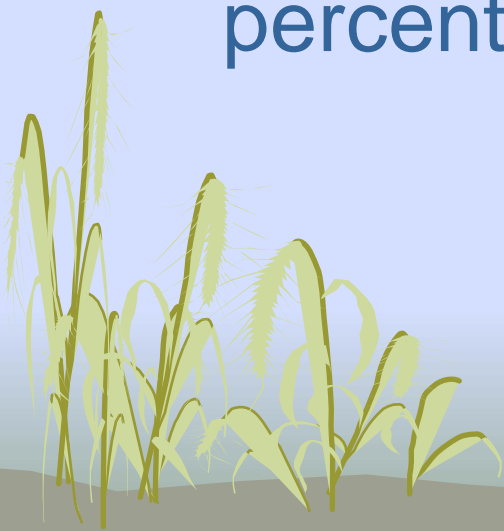

Our Mission

- The Community Care Clinic of Dare believes that all people should have access to quality healthcare. Our organization strives to improve the quality of life for our citizens by providing free primary care and pharmacy services to the indigent, uninsured and underinsured in our seven-county service area.

Demographics

- Total Population = 33,328
- Total Indigent = 8 percent
- Total Uninsured = 19.4 percent
- Unemployment in off-season = 14 percent

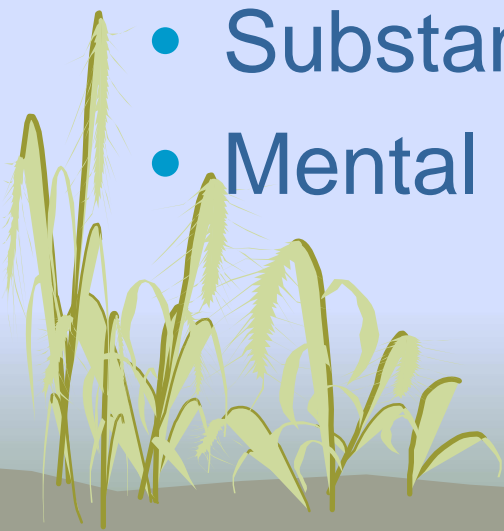

Workforce

- More than 50 percent of employable residents work in service industry jobs, often making low wages and receiving no healthcare benefits
